

In April 2008, I joined the EMS Family and have been proudly serving as the Office and Human Resource Manager at Eastern Mechanical Services. During my 16 years of dedicated service, I have taken on numerous responsibilities, including office management and organization, human resources, benefits coordination, safety and training, fleet management, notary public duties, apprenticeships, workers' compensation, and assisting the accounting department. Over the years, my role has evolved significantly, and I've been instrumental in negotiating employee benefits and company insurance coverage. I consider the team here at Eastern Mechanical Services as part of my extended family. We have a lot of fun together, and there is nothing I wouldn't do to help if needed.

Before joining Eastern Mechanical Services, I worked at MTM Transportation, Inc. as a CDL School Bus Driver and Safety Coordinator from January 2005 to June 2008, which allowed me to have my children with me. My responsibilities included driving daily bus routes and conducting weekly bus inspections to ensure safety compliance. Prior to that, I was a Full Charge Bookkeeper at R. Mathison Floors, LLC from April 2002 to May 2006, handling all accounting responsibilities, including payroll and reporting to the Department of Revenue Services (DRS).

I attended Bryant University, and over the years, I have developed a unique ability to visualize the end result of a situation, outlining the necessary parameters to achieve the desired goal. I enjoy a challenge, and my favorite will always be the 11th-hour move to our new Oxford home. It's been exciting watching the changes that have happened in a very short period of time to the building and the growth of our company.

Beyond my professional life, I am most proud of my family and have been truly blessed with my husband Jeff, my three children; Amanda, Michael, and Brooke, and my two adorable grandchildren Ryan and Haley, and our Border Collie Khloe. I have also been blessed with a wonderful son-in-law, Dan, and daughter-in-law, Shauna, who fit perfectly into our family. I am also an avid gardener, hummingbird addict, dog lover, and my favorite holiday is Christmas. My faith in Jesus is the cornerstone of my life, helping to guide my actions and interactions with others.
