

I'm a dedicated Project Manager at Eastern Mechanical Services in Oxford, CT. Since joining in December 2022, I've been overseeing mechanical projects, meeting with contractors, clients, and customers to ensure smooth project execution. I perform estimates and bids, manage installations, and ensure all project documentation is accurately completed. My role involves coordinating with other managers to plan schedules and resources, supervising field personnel to resolve daily challenges, and maintaining thorough project records.

My qualifications are bolstered by numerous certifications, including a CT Plumbing & Piping License, CT Real Estate Salesperson License, OSHA-30 Safety, and various specialized certifications, underscoring my commitment to safety and professional excellence.

In addition to my current role, I have been a Real Estate Salesperson with Reality Exclusive Real Estate in Middlebury, CT, since February 2023. I assist clients through the home-buying process, showcase properties, and ensure all paperwork and records are meticulously maintained.

My previous experience includes seven years at Main Enterprises, Inc., where I served as a Project Manager in the Special Projects Division. There, I managed project estimates and bids, supervised installations, coordinated schedules and resources, and maintained project documentation, mirroring my responsibilities at Eastern Mechanical Services.

Earlier in my career, I was a Construction Supervisor at VilWell Builders, LLC, coordinating workforce needs and ensuring timely project completion. I also co-owned Personal Touch Plumbing & Heating, where I managed operations, met with clients, and performed project bids.

Beyond my professional endeavors, I am an active landlord who improves living conditions for my tenants. I enjoy home improvement projects and volunteer with Habitat for Humanity. I also have a passion for auto repair. I share my life with my wife, Cassy, and our one-year-old daughter, Michela. My life is a testament to hard work, dedication, and a commitment to positively impacting those around me.
