

I am a seasoned Project Manager at Eastern Mechanical Services in Oxford, CT, where I've been working since January 2023. With over 15 years of experience in the mechanical industry, I specialize in estimating, designing, and managing HVAC and plumbing projects. I'm highly skilled in utilizing technology for my work and excel at solving complex challenges through thorough research.

Before joining Eastern Mechanical Services, I managed the Special Projects Division at Main Enterprises, Inc., from June 2012 to November 2022. There, I oversaw mechanical renovation and replacement projects, handling an average annual revenue of \$6-7M with projects ranging from \$500K to \$2M. Prior to that, I worked as a Plumbing Mechanic/Foreman at Rick's Plumbing Service (April 2010 to June 2012) and started my career as a Plumbing Apprentice at Main Enterprises, Inc. (June 2008 to April 2010), focusing on commercial and high-end residential projects across Connecticut.

I studied Plumbing and Heating at Henry Abbott Regional Technical High School from 2004 to 2008. I hold several licenses and certifications, including a CT Plumbing & Piping License, CT Heating, Piping & Cooling License, and OSHA 30 Safety certification.

My professional skills include estimating, design-build HVAC and plumbing systems, project management, cost negotiation, and various technical competencies in plumbing and HVAC systems installation and repair.

Outside of work, I am really like baseball and softball, which I grew up playing. I also have a keen eye for photography, capturing real-life events and objects in compelling ways. Additionally, I have a strong interest in fixing up vehicles, though this hobby has taken a back seat due to my busy schedule raising my young family. I'm known for my good sense of humor and enjoy bantering with colleagues. I am married to Stacey, and we have two young boys under five.

My commitment to my profession and my family, along with my enthusiasm for continuous learning and problem-solving, make me a dedicated and valuable member of any team.
