Attn: Ted Huizinga

Dear Ted,

I just wanted to let you know how satisfied I was with the performance of your company on the Darien Library project. It was my first experience with your company and I hope it will not be the last.

Starting with the initial estimate and working with Clark Denslow to evaluate the scope of work, I found a level of professionalism and cooperation I knew would lead to a successful project. Clark was prompt and thorough with all submittals and coordination plans. When construction started, your foremen were knowledgeable and work force skilled and hard working. We were able to work through some difficult issues with minimal change orders. Your closeout documents were complete and submitted promptly.

I would certainly look forward to working with you again and am happy to give your company a very positive recommendation.

Sincerely,

Frank Fazekas
Senior Project Manager
